

A LITTLE LOVE CAN BUILD A BRIDGE

Will you join us?

We're building a Bridge Community to support women in our area who are facing an unplanned pregnancy and have chosen life for their babies. Each team of 3-5 volunteers join together to come alongside one woman in need.

Mosaic Virginia, a network of pregnancy centers in Northern Virginia, provides personal mentoring to address each client's material and educational needs. But beyond this...

THE LOCAL CHURCH IS KEY. Many mothers feel alone and welcome friendship with other women who can walk with them through pregnancy and parenting.

Examples of what a Bridge Team can do -

SHARE A MEAL

Make a meal for a mom or family.

CELEBRATE

Help organize a baby shower.

LEND A HAND

Give rides to newborn appointments or babysit so a mom can take a needed break.

BUILD FRIENDSHIP

Make time for a cup of tea and conversation.

How it works -

1 Mosaic provides simple training. **2** When a client seeks church support, Mosaic reaches out to our team.

The commitment is usually one year. Team members help in ways that work for them. Every little bit of love and care makes a difference.
